Mr. George W. Rogers, who has been confined to his home for some weeks, is now improving slowly and it is hoped surely.

The will of the late Captain J. A. Jackson of Mayfield was presented yesterday and continued till the next term of the County Court.

It has just been discovered at Mt. Olivet that Mr. George Bratton and Miss Leona, the beautiful daughter of County Clerk Thomas L. Green, were secretly married in January last.

The McKinley Clubs of Mayville will meet at the Courthouse tonight at 7:30 to perfect arrangements for a Grand Jubilation on Saturday next. All Republican workers are invited.

The Queen Insurance Company, Duley & Baldwin, Agents, was first to settle its loss on the Central Hotel fire. It paid \$450, which was in full for damage to bar stock, pool and billiard tables.

The will of the late James M. Mitchell was yesterday admitted to record. All his estate is left in fee simple to his daughter, Mrs. Bettie M. Finch, and she is appointed Executrix without bond and without being required to file any inventory of the estate. The will bears date October 21st, 1896.

The Louisville sports who bet on Bryan carrying Kentucky are paying their losses like little men.

Charles Rose of 406 Fifth avenue, Dayton, Ky., wants the address of James Wilson, a barber, who was born in Mason county.

A copy of the will of the late Lewis Belmont of Ripley was ordered to probate in this county, where he owned some lands.

City Attorney John L. Chamberlain will get shaved free of cost for the coming year, because his enthusiastic barber bet him that Colorado would not give 50,000 majority for Bryan.

Before you bargain for your furniture for housekeeping or for a handsome chair for a Christmas present, consult the advertisement of Henry Orr, and then take a look through his immense stock.

Mrs. W. H. Durrett of the county will have a sale Wednesday preparatory to leaving her old home and making her new home with her daughter, Mrs. Richard W. Wood.

Chief Justice Pryor of the Court of Appeals, who went down in defeat in last Tuesday's landslide, will practice law when he quits the bench in January. He has not fully decided where he will locate, but it will either be at Frankfort or at Louisville.

The Great Tun of Heidelberg is one of the most remarkable "curios" in the world. It is the largest cask ever made and holds 49,000 gallons. It is thirty-four feet long, and the diameter in the middle is twenty-four feet. The Tun is probably the oldest existing cask, as it was built in 1751.

The will of Mrs. Alice Sullivan was admitted to record yesterday. Her estate consists of a house on Hays's Hill, which is not fully paid for. This is to be sold, her just debts paid, and the balance goes to her husband, George Sullivan. Mr. Moses Jones qualified as Executor without bond, as provided in the will.

By the election of William McKinley the Presidential chair will, for the second time, be filled by a Red Man. The first member of the Order was George Washington, who was a member of the Tammany Society, which afterward became the Red Men, and later the Improved Order of Red Men. The President-elect is a member of Fleetwood Tribe No. 139 of Canton, O., a rather suggestive name in view of the election returns. He is also a member of the Knights of Pythias.

HE'S RICH NOW!

Jack Bridges Has Hope, Now That McKinley's Elected.

The LEDGER is in receipt of the following characteristic note from an old Mayville boy:

POWERSMOUTH, O., Nov. 7th, 1896.
Thomas A. Davis, Mayville, Ky.—Dear Sir: As McKinley is elected I think now I will be rich enough to take a Mayville paper. Please send me THE DAILY LEDGER for six months. Send me bill of same and I will remit by return mail, as I do not know cost of same or would inclose in this letter. Yours respectfully,
J. D. BRIDGES.

LET'S GIVE THANKS!

Governor Bradley Designates a Day For Thanksgiving.

The state or Nation that is unmindful of or ungrateful for the blessings bestowed by a merciful God cannot and should not deserve prosperity. To Him we owe all that we are and hope to be. He has prevented war and pestilence, filled our granaries, preserved our honor and protected our institutions.

Therefore, the people of Kentucky are requested to assemble at their respective places of worship and observe Thursday, the 26th day of this month, in Thanksgiving for the blessings of the past and present, and in prayer for their continuance in the future.

Dine at Frankfort on the 5th day of November, the year of our Lord, 1896, and the 106th year of the Commonwealth.
WILLIAM O. BRADLEY,
E. D. Guffy, Assistant Sec. of State.

The Newport Rolling Mills employees were paid \$5,500 in Gold Saturday. Three men were paid in silver.

McKinley will be the fifth President who was born in Ohio. His predecessors are Grant, Hayes, Garfield and Benjamin Harrison.

After having bored some 550 feet into mother earth, Messrs. Hunter & Irvine, we understand, will give over trying to find water at that particular place and start in another locality. The cost of sinking the abandoned well was about \$500.

A week ago last Friday night the Mayville packet Courier sank at the Big Sandy Wharfboat after colliding with one of the piers of the Central Bridge at Cincinnati. The boat is now afloat, and will be taken to the Marine Ways and given a thorough overhauling.

Dr. John A. Reed,
E. L. Worthington,
C. W. Forman.

The Board now consists of the above-named and Messrs. J. F. Perrie and T. K. Ricketts, Jr.

FIRE NEAR SARDIS.

The Home of Mr. William Chanaler Destroyed Last Night.

The pleasant country home of Mr. William J. Chanaler near Sardis was totally destroyed by fire about 12 o'clock last night, together with all the household contents, excepting the piano.

It is not known how the fire caught, but it is supposed that sparks falling set fire to the roof.

The building was worth about \$3,500, and was insured for \$3,000.

There was an insurance of \$1,000 on the contents.

Both policies were held by Duley & Baldwin's Agency of this city.

Mr. Chanaler has been visiting in Baltimore for some time, and the friends of Mr. Chanaler will learn with regret the loss of his home.

Rev. Joseph Rennie preached a powerful sermon at the Central Presbyterian Church last night, and will preach every night this week at that Church, to which everybody is invited.

Mr. John F. Ryan, who is at the side of his brother Joseph who was so badly cut at Valley on Saturday—a full account of which appeared in yesterday's LEDGER—writes this morning that his brother is out of danger and is gaining strength.

On or about December 1st Walter Schreiber of Newport will leave for Mexico, where he will remain for a year. Schreiber made a bet with Walter Richards that if McKinley was elected he would live in Mexico for one year. Mr. Schreiber says that he will follow his occupation in Mexico. Schreiber, up to the last election, was a Republican.

WE'LL SHAKE, HARRY!

An Ex-Mayvillian "Congratulates" From Salt Lake City.

The day following the late landslide THE LEDGER received the following telegram from Salt Lake City, extending congratulations on the result in Kentucky; but as "all doubtful things are uncertain" its publication was held up until it was finally determined that old Kentucky's Republican and Sound Money Democratic vote had overcome the Free-silver frauds in several counties and that the state was safely in the McKinley band-wagon.

"That result having been reached, here's our (HARRY!) Harry!"

SALT LAKE CITY, UTAH, November 4th, 1896.
Thomas A. Davis: My congratulations. Kentucky has done nobly. Shake. HARRY T. DUKE.

Mr. Duke is Assistant Treasurer of the Wells-Fargo Express Company, ex-Treasurer of Salt Lake City, and one of the leading men in that wonderfully beautiful place.

The citizens of Vanceburg are rejoicing over the great victory for free turkeys in Lewis county. It means a business boom for Vanceburg. There were only 764 votes cast against it, and the majority was 1,160. A great deal of credit for this victory is given to the Vanceburg Sun.

FIRST DISTRICT VOTE.

Chairman Sam J. Roberts Wants to Know About It.

Chairman Sam J. Roberts of the Republican State Campaign Committee has this to say about the phenomenal vote in the First Congressional District:

"In that District Bradley received 9,658 votes, Hardin received 13,170 votes and Pettit 4,745. In this campaign it could not be disputed that there was defection from the Democratic ranks. Place the number of Gold Democrats who voted for McKinley at 2,000. The Palmer and Buckner vote is shown to be 500 by the returns. Deduct 2,500 from the Hardin vote and you have remaining 10,670 Democratic votes. Add to this the entire Populist vote of 4,745 in the District—the number of votes received by Pettit—and you have 15,415, the number of votes to which Bryan was entitled in the First. This concedes to him every Democrat in the District, except 2,500 Sound Money Democrats, and every Populist.

"Now, what do we find? We find that instead of receiving 15,415 votes, or a reasonable increase over that number growing out of the increased interest in the election among voters, that Mr. Bryan has received 25,920 votes—nearly double the amount to which he was entitled. To show that this remarkable increase could not have come from Republican ranks, we increased our vote from 11,693, about what we thought we would get, on the basis of the Bradley vote, to 13,353, an increase of 1,660 votes. This is, of course, accounted for by the getting out of more than the ordinary Republican vote. But how, with all the disaffection existing, is the Democratic increase of 10,505 accounted for? That is what we propose to find out. I repeat that it is curious to say the least."

If you care nothing for your eyes—if expense makes no difference—if you are satisfied to live in darkness—if you have no liking for beauty, any old light will suit you. But if you wish to add to the comfort of your life—to the beauty of your house, and as well to your savings you can't afford to live without the IMPROVED WELSBACH LIGHT. WE'RE FOR AMERICANS!

The rule-of-rules silver men are already talking about revenging themselves, when Congress meets next month, by putting a five centage rider on every appropriation bill.

CONGRESSMAN COLSON says there is no question that JOHN D. WHITE'S independent race for Congress kept down MCKINLEY'S vote at least 1,000 in the Eleventh District.

The vote of the city of Lincoln, Nebraska, Mr. BRYAN'S home city, gives MCKINLEY, 3,800; BRYAN, 2,841; MCKINLEY'S plurality, 1,019. BRYAN lost his own Ward and Precinct.

The defeated silver campaigners in Kentucky are not crying fraud so vociferously since attention has been called to the very queer returns from some of the strong silver counties.

APPRECIATING that "tired feeling" which Major MCKINLEY must possess after the arduous campaign just closed, the Cabinet Makers are already at work constructing an "Official Family" for the President-elect. It is safe to say that Windy Willie JENNY BRYAN will not be "in" any more than he was in the race.

The Courier-Journal remarks that the less said by silver men about fraud the better. The case of Walnut Bottom Precinct in Henderson county must be explained first. By noon on election day it was announced that the ballots at this Precinct had given out, and many Sound Money men who were waiting to vote were unable to do so. Yet the County Clerk says he sent 215 ballots to that Precinct, and the returns show only 112 ballots voted. The Precinct was a strong MCKINLEY Precinct, 99 of the 112 votes cast being for MCKINLEY.

WHILE credit is being given for the Republican victory in Kentucky, the fact must not be overlooked that Mr. SAM J. ROBERTS is entitled to a large share of it. An exceedingly modest gentleman, he is not given to sounding his own praises; a warm personal as well as political friend of Major MCKINLEY, he has made such a fight for the President-elect as must entitle him to the thanks of every man who now rejoices to see Old Kentucky safely in the Republican column. THE LEDGER extends its heartiest congratulations to Colonel ROBERTS, and hopes his reward may be more ample than mere thanks. He's entitled to the best in the locker, with lump sugar, mint and the clearest of spring water.

Work that had been suspended for some months on the grading of the new branch railroad to the proposed new mines of the Bath County Iron Company, beyond Olympia, will be resumed at once, the election of MCKINLEY being conceded. Bryan's election would have insured indefinitely suspension of operations.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is claimed for it, in so few occasions it stopped, extricating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by J. James Wood, Druggist.

THE LEDGER'S PROPHECIES FULFILLED.

McKinley's Election Has Restored Confidence and Given a Big Boom to Business.

"Advance Agent of Prosperity."

THE LEDGER was insistent throughout the late campaign that the election of MCKINLEY meant the restoration of Confidence and the immediate resumption of Manufacturing and Commercial Business throughout the country.

There were those who contended that the very opposite would be the case.

It is useless now to argue the question; it is settled by the results;—and that our readers may see who was right THE LEDGER will give, from day to day, a partial list of the industries that are reviving under the assurance that the incoming Administration will be friendly to American interests.

IN KENTUCKY'S METROPOLIS.
Saturday's Courier-Journal.
The impetus that had been given to business by the Sound Money victory last Tuesday was noted in The Courier-Journal Thursday morning, and since that indications have multiplied that an era of prosperity has dawned.

The period of uncertainty having passed, men have begun to turn their thoughts and energies to every day affairs. Extensions and improvements, that have been delayed until the period of financial uncertainty ended, are being made.

Many Louisville business men and manufacturers were interviewed yesterday by The Courier-Journal reporters, and without exception they took a rosy view of the situation. Even those men who voted for Mr. Bryan were forced to admit that business had already begun to show improvement.

The wholesale merchants who were called upon had either sent their men on the road or were preparing to do so. Those who have men out have already received orders which are highly gratifying. Collections are much easier than they have been for a year past. Gold has begun to flow into the banks instead of out, and the yellow metal can be secured on as easy terms as silver or paper.

Nearly all the manufacturers have increased the number of their employees and have gone to work with a will getting out thousands of dollars' worth of orders which had been given contingent on Mr. McKinley's election. They expect a year of unparalleled prosperity.

Mr. Theodore Adams, President Adams & Co., manufacturers of plumbers' supplies, etc., said: "We sent out five carloads of our manufacture today, on orders received contingent on McKinley's election. We received today orders for from \$15,000 to \$25,000 worth more. We expect this increase to continue right along. We have started another furnace in the enameling department and additional men in the pipe rooms. In a few months we will probably be running all our men full time."

The distilleries are in high feather. A prominent distiller said that the withdrawals were better than for some time, and shipments of fine whiskey had been larger than in many months. The business was looking up, he said, and prices had advanced several points. One of the distillers said that he had shipped two carloads to a man who had not withdrawn any whiskey for two years. This was known as a Bryan man, "I am satisfied with the way things went."

Mr. Charles F. Hubble, General Manager of the Avery Plow Manufacturing, said yesterday: "I think the outlook for the prosperous business season is most encouraging. Our trade during the winter and spring is nearly always heavy, but from the orders we have received of late our business will exceed that of any year for several years past. We expect to add 150 men to our pay-roll because of the big increase in business."

Mr. Charles E. Sneed, of the foundry firm of Sneed, Van Alstine, Meldrum Company, expressed himself as follows: "Our business shows a marked improvement. Today in anticipation of the orders we will receive and because of those we have received, we started our shops on double time, and from now on until further notice they will be run night and day. This practically means that we have doubled our force of men, though some of them try to work both night and day. You will see, that we are making every effort to immediately get hold of this rush of incoming business. The increase in business and the high prospects for the coming year are marked."

For some time past Bridgeford & Co., stove manufacturers, have been closed down. Monday this firm will begin operations anew with 300 men, who will be worked full time, and the force will be increased as rapidly as the business demands. A member of this firm said yesterday that the business outlook was most encouraging and that he anticipated a prosperous season.

A similar statement was made by a member of the O. K. Stove and Range Company. "We have put on our full force," said he. "Orders have been coming in rapidly and we expect to do a rushing business."

One of the members of the firm of Vieman & Co., pork packers, said: "All this great disturbance has been settled and it is better for every industry. Business with us is looking up splendidly and the prospects are that it will continue to improve. We are already doing good business."

Manager Vincent Culp of the Lithgow Manufacturing Company said that his firm expected a great increase in business. "We already have a number of good orders as a result of the election," said he, "and we are as busy as we can be. There are no hard times with us now. If business increases like it has during the past few days we will be compelled to employ more men."

Manager Haskins of the Schupp & Schmidt Manufacturing Company, manufacturers of furniture, said that his firm's collections had picked up considerably during the past two weeks, and that he looked for four years of prosperity greater than the country ever knew before.

A member of the Sulzer-Vogt Machine Company said that the men of his shop were being worked full time, and that the prospects for a bright business year were very flattering. Big orders had been coming in for several days, he said.

Mr. Archie Robinson of the Louisville Woolen Mills said: "Confidence is at last restored and the prospects for business are much better than they were before. We start up Monday with 300 employees to fill the many orders we have received. We have been shut down for seven weeks, but during the past few days, and especially since the election, the orders have poured in. We expect to do a good business."

Mr. W. S. Wymond of the Chess-Wymond Coopers Company said that business had improved considerably since the election. The distilleries have suspended operations for a year and this will make the local cooperative business necessarily dull, he said, but he expects a marked improvement in business of every sort.

Mr. Meade Robinson of the Beargrass Woolen Mills said that the outlook for business was extremely favorable. "We have a great deal of yarn on hand," said he, "but we expect to increase our force of workmen to enable us to supply the demand. All the disturbing elements have been removed, and I expect the depression in business to be entirely reversed. Our orders for two weeks past, in anticipation of McKinley's election, were unusually large. For six months past we ran our force only during the day, but from now on we will push our work day and night, in order to supply the demands made on us."

W. W. Henderson, Treasurer of the Old Kentucky Woolen Mills, is enthusiastic over the result of the election. "It will certainly be beneficial to business," he said yesterday afternoon. "Business is now on a sound basis and everything

will move forward with renewed confidence. We will run our factory full time, for we have had little trade for six months and we have to catch up with the large number of orders which have come in since it became known that Sound Money had won. We stand on rock bottom and every firm which has a similar foundation will enjoy a prosperous season."

Secretary Bennett of the Louisville Manufacturing Company said that the business of that Company was moving along smoothly and that he expected a steady run of orders from now on.

"It is a little early for us to experience much of the restored confidence in business," said Mr. Currie of the Currie Fertilizer Company yesterday. "Our trade is governed principally by the farmer element. However, money is coming in better, and I anticipate prosperities times."

Secretary Kennaday of the Kentucky Wagon Works said yesterday that the force of men at the Wagon Works would not be increased for the reason that as many men as could be put on were at work at the plant. He anticipated a big boom in business.

SILVERITES DON'T COERCIE!

Oh, Dear, No! They Just Simply Prescribe That's All.

At Athens, a small town in Fayette county, where the silverites refused to allow Captain Stephen G. Sharp to make a Sound Money speech, silver men have banded themselves together and formed an association whose members are pledged to not employ a Republican or Sound Money Democrat in any capacity.

As there are a great many colored Republicans in the town, they will suffer greatly if the silver men carry out their purpose.

And maybe the silver men will find out that the boycott is a two-edged sword—that it will cut them a gwine 'n' comin'!
